**Github:** <https://github.com/Pranj25>

## **Objective**

To work for an organisation which provides me the opportunity to improve my skills & knowledge to growth along with the organisation objective. Skilled in machine learning, system integration, network security and basic knowledge of java and python.

## **Educational Details**

- 1) Graduated in 2025 from government college of engineering Chandrapur having cgpa of 8.03.
- 2) HSC in 2021 from L.J.K jr. college, Gondpipari with 74.17%.
- 3) SSC in Sanjo convent school, Gondpipari with 66.6%.

## **Programming Skill And Soft skills**

C, C++, java, html, CSS, MySQL, Leadership, team management, communication skills, presentation, critical thinking and problem solving.

## **Internship**

- 1) Aqmenz automation private limited :- Artificial intelligence & Machine learning
- 2) Internpe :- web development

## **Projects**

- 1) Brain stroke prediction :-

completed this project in my internship that I did in aqmenz automation private limited. Got the great ideas of using ml and how to train the data and analysis the prediction using dataset provided by us.

- 2) Question bank management:-

Done in my graduation as a mini project in 5<sup>th</sup> sem. Collected previous year question paper from college sites and created an application so that we can easily access it and can consume less time.

- 3) Smart home automation:-

Doing it in my graduation as a final year major project. Using raspberry pi and esp32. Using face detection technique, training the data set and creating the model. Using sensors, camera, Wi-Fi connection and IoT devices.

- 4) Web page:-

Created many web pages at the internship of internpe using html, css (like simple calculator, shopping site, to-do list & connect4game)
